You choose your front...Now choose your back

UNIQUE'S GOT YOUR BACK...

Note: All Non-Insulated open backs feature our patent pending Raised Shadow Line for increased strength/no oil canning.

OPEN BACK Standard 2" Non-Insulated

**24 ga Steel
Non-Insulated**

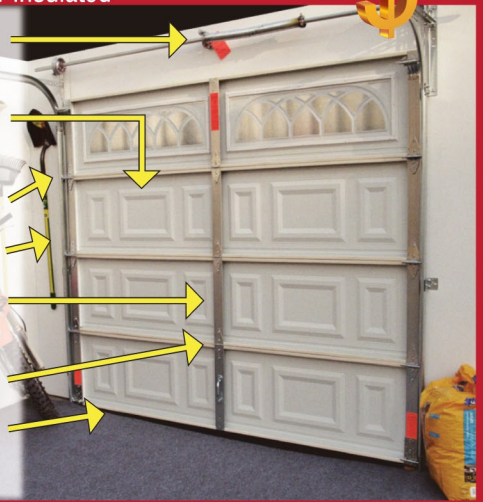

Galvanized Springs for 50% Longer Life than Industry Standard

Note: 2 Car Garage Has 2 springs

Heavy Gauge 2" THICK STEEL MAXX PAN DOOR CONSTRUCTION
Hot dipped galvanized Steel with 2 Thick Coats of baked on Polyester Paint

Longer life, Stronger Steel, more dent resistant! Unique's 24 ga is stronger and thicker than 25ga/26ga steel doors. Unique only uses 24ga thicker steel to make its Non-Insulated single layer doors. Why? So yours lasts longer!

14 ga Heavy Duty Hinges
Heavy Duty Track, Safer, Stronger Hemmed Edge
Heavy 20ga center stiles
14 ga Heavy Duty Hinges
Heavy duty bottom seal

24 ga Steel Insulated

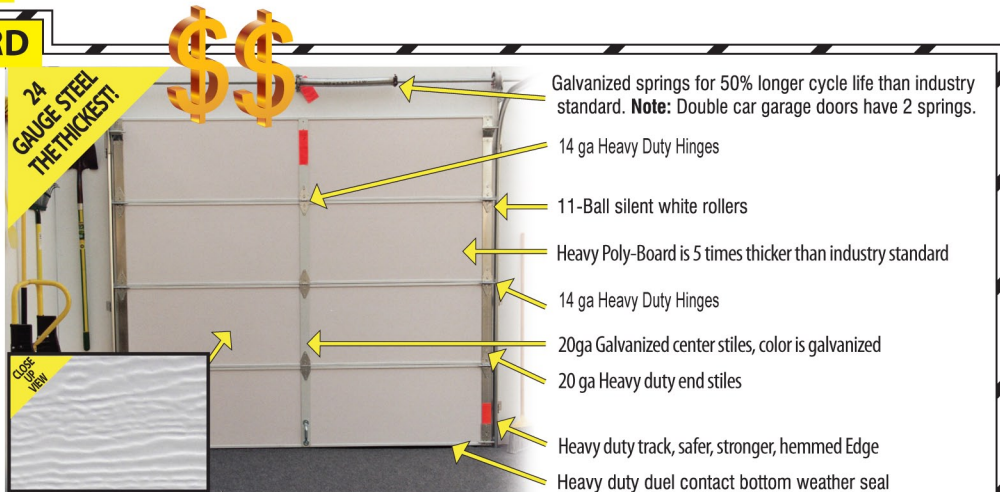

DELUXE POLY-BOARD

NEXT GENERATION. . . WOODGRAIN EMBOSSED

Poly-Board insulated Doors are second to none! Heavy gauge Poly-Board is 5 times thicker and stronger than the paper thin industry standard. No rips here! Our molded, sculpted rigid urethane bonded technology is the best squeak free solid construction you can buy!

UNIQUE DOES NOT SQUEAK
R-Value 8.0

**24 GAUGE STEEL
THE THICKEST!**

Galvanized springs for 50% longer cycle life than industry standard. **Note:** Double car garage doors have 2 springs.

14 ga Heavy Duty Hinges
